

Plays for the Coming Week

A MYSTERY melodrama by Bayard Veiller entitled "The Thirteenth Chair" will be presented at the Forty-eighth Street Theatre on Monday night.

On next Saturday night at the Princess Theatre Sam Nigh will appear in "Such Is Life," a light comedy by Harold Owen.

"Our Little Wife," a farce by Avery Hopwood will be brought out at the Harris Theatre to-night.

The Dandy Theatre will have the "Dolly Sisters" in "His Bridal Night."

SAM HOWE COMES TO COLUMBIA THEATRE Sam Howe will come to the Columbia Theatre at the head of his own company and present a new two-act satire called "A Wife in Every Port."

TO REMOVE DANDRUFF Get a 25-cent bottle of Danderrin of any drug store, pour a little into your hand and rub well into the scalp with the finger tips.

NO ACID STOMACH, SOURNESS, GASES OR INDIGESTION In five minutes your sick, sour upset stomach will feel fine.

"Pape's Diapiesin" neutralizes acids in stomach and starts digestion.

Take your sour, out-of-order stomach—may be you call it indigestion, dyspepsia or gastritis, it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapiesin and let you eat one 22-grain triangle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—acid stomach—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is feeble, and nothing tempts you, or you belch gas or if you feel bloated after eating, or if your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapiesin.
